### 1. Aims

This policy aims to ensure that:

- › Intimate care is carried out properly by staff, and in line with any agreed plans for individual pupils as appropriate
- › The dignity, rights and wellbeing of children are safeguarded
- › Pupils who require intimate care are not discriminated against, in line with the Equality Act 2010
- › Parents/carers are assured that staff are knowledgeable about intimate care and that the needs of their children are taken into account
- › Staff carrying out intimate care work do so within guidelines of this policy and others (i.e. health and safety, safeguarding protocols awareness) that protect themselves and the pupils involved

Intimate care refers to any care that involves toileting, washing, changing, touching or carrying out an invasive procedure to children's intimate personal areas.

### 2. Legislation and statutory guidance

This policy complies with [statutory safeguarding guidance](#).

### 3. Role of parents/carers

#### 3.1 Seeking parental permission

For children who need routine or occasional intimate care (e.g. for toileting or toileting accidents), parents/carers will be asked to sign a consent form.

For children whose needs are more complex or who need particular support outside of what's covered in the permission form (if used), an intimate care plan will be created in discussion with parents/carers (see section 3.2 below).

Where there isn't an intimate care plan or parental consent for routine care in place, parental permission will be sought before performing any intimate care procedure.

If the school is unable to get in touch with parents/carers and an intimate care procedure urgently needs to be carried out, the procedure will be carried out to ensure the child is comfortable, and the school will inform parents/carers afterwards.

## 3.2 Creating an intimate care plan

Where an intimate care plan is required, it will be agreed in discussion between the school, parents/carers, the child (when possible) and any relevant health professionals.

The school will work with parents/carers and take their preferences on board to make the process of intimate care as comfortable as possible, dealing with needs sensitively and appropriately.

Subject to their age and understanding, the preferences of the child will also be taken into account. If there's doubt whether the child is able to make an informed choice, their parents/carers will be consulted.

The plan will be reviewed twice a year, even if no changes are necessary, and updated regularly, as well as whenever there are changes to a pupil's needs.

See appendix 1 for a blank template plan to see what this will cover.

## 3.3 Sharing information

The school will share information with parents/carers as needed to ensure a consistent approach. It will expect parents/carers to also share relevant information regarding any intimate matters as needed.

# 4. Role of staff

## 4.1 Which staff will be responsible

Any roles who may carry out intimate care will have this set out in their job description. This includes but is not limited to Teaching Assistants and Learning Support Assistants.

No staff members that are not directly employed by Rimom Jewish Primary School or for whom intimate care is not stipulated in their job description can be required to provide intimate care.

All staff at the school who carry out intimate care will have been subject to an enhanced Disclosure and Barring Service (DBS) with a barred list check before appointment, as well as other checks on their employment history.

## 4.2 How staff will be trained

Staff will receive:

- › Training in the specific types of intimate care they undertake
- › Regular safeguarding training
- › If necessary, manual handling training that enables them to remain safe and for the pupil to have as much participation as possible

They will be familiar with:

- › The control measures set out in risk assessments carried out by the school
- › Hygiene and health and safety procedures

They will also be encouraged to seek further advice as needed.

# 5. Intimate care procedures

## 5.1 How procedures will happen

When possible, two members of staff will be present in the room when intimate care is provided. If this is not possible, a second member of staff should be aware that intimate care is being given even if this is not happening in sight.

Two members of staff must be present in circumstances where this is stipulated in an intimate care plan.

At Rimon Primary School, appropriate female members of staff (see 4.1 above) will carry out intimate care with female pupils.

For children in the Reception class, wherever possible and appropriate intimate care should be given in the classroom toilet cubicles.

Procedures for other pupils will be carried out either in the adult/ disabled toilet or the medical room.

When carrying out procedures, the school will provide staff with:

- Protective gloves
- Cleaning supplies
- Bins for waste.

For pupils needing routine intimate care, the school expects parents/carers to provide, when necessary, a good stock (at least a week's worth in advance) of necessary resources, such as nappies, underwear and/or a spare set of clothing.

Any soiled clothing will be contained securely, clearly labelled, and discreetly returned to parents/carers at the end of the day.

## **5.2 Concerns about safeguarding**

If a member of staff carrying out intimate care has concerns about physical changes in a child's appearance (e.g. marks, bruises, soreness), they will report this using the school's safeguarding procedures.

If a child is hurt accidentally or there is an issue when carrying out the procedure, the staff member will report the incident immediately to the DSL/ Deputy DSL.

If a child makes an allegation against a member of staff, the responsibility for intimate care of that child will be given to another member of staff as quickly as possible and the allegation will be investigated according to the school's safeguarding procedures.

## **6. Monitoring arrangements**

This policy will be reviewed by the Head Teacher, annually. The policy will be reviewed by the governing body in line with their policy review cycle.

## **7. Links with other policies**

This policy links to the following policies and procedures:

- Accessibility plan
- Child protection and safeguarding
- Health and safety
- SEND
- Supporting pupils with medical conditions

## Appendix 1: template intimate care plan

PARENTS/CARERS	
Name of child	
Any additional needs (e.g. SEND/ EAL)	
Type of intimate care needed	
How often care will be given	
What training staff will be given	
Where care will take place	
What resources and equipment will be used, and who will provide them	
How procedures will differ if taking place on a trip or outing	
Name of senior member of staff responsible for ensuring care is carried out according to the intimate care plan	
Name of parent or carer	
Relationship to child	
Signature of parent or carer	
Date	
CHILD	
How many members of staff would you like to help?	
Do you mind having a chat when you are being changed or washed?	
Signature of child/ adult signature to confirm child has been consulted	
Date	

This plan will be reviewed twice a year.
